

## **Research & Development Cell - 2019-2020**

### **Student Seed Grants**

All 35 final-year UG and PG students who received Seed Grants for the 2019–2020 academic year successfully completed their projects and settled their accounts on time despite institutional disruptions due to the sudden lockdown. V. Srilakshmi from the PG & Research Department of Biotechnology was awarded Rs. 7,500 by the Tamil Nadu State Council for Science and Technology to support her final semester project.

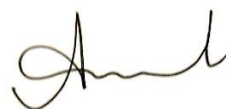

### **Faculty Seed Grants**

Dr. Anchana Devi C. and Dr. Judia V. from the PG & Research Department of Biotechnology completed their research projects funded through the Staff Seed Grant. Ms. Kamali Priya, a Research Scholar from the same department, was awarded the prestigious CSIR Senior Research Fellowship to continue her research work.

### **Faculty Achievements**

Ph.D. degrees were awarded to Dr. Jenelin Kamalam R. from the Department of Business Administration and Dr. Vanitha N. from the Department of Information Technology. Additionally, three faculty members from the PG & Research Department of Biotechnology were each granted patents for their research innovations: Dr. Pavithra A., Dr. Anchana C., and Dr. Priya Iyer.

These accomplishments reflect WCC's commitment to advancing academic and research excellence among students and faculty.

Deans of Research

Dr. Anita R. J. Singh & Dr. Banani Mukhopadhyay
