Resource person Ms. Jenifer along with Staff and Students

## Certificate Course on Python Programming

A Certificate Course on “Python Programming” was conducted during the academic year 2018-2019 in the even semester. The course was taken for 10 days as 2 hours per day and planned for 20 hours which includes 10 hours theory and 10 hours for practical session. Each day one hour theory is taken which is followed by practical session. Students from II and III year from various departments including B.COM (CA), Computer Science and Technology (CST), Information Technology (IT) and from BCA (Computer Applications) had registered for this course. A total 75 students participated in this course and collected fee of Rs.250 per student. The classes are conducted in BCA lab of RMS block. All the staff members of BCA department taught the course. A Pre-planned schedule with various topics is assigned to each staff. For practical session, two staff members were allotted to guide the students. The course was successfully completed by conducting a test for students to evaluate the performance and knowledge gained by this certificate course.
