RELEASE OF DEPARTMENT MAGAZINE – LE TAUREAU 2021-22, EDITION 2

The Department of Commerce (General) released their department magazine ‘Le Taureau ‘21’ on the theme **“RAY OF HOPE”** on 26th April 2022, with the help of students and the other faculties of the department. Our Principal Dr. Lillian I Jasper was the Guest of Honour in this delightful moment who released the 2nd Edition of the Department Magazine and shared a few enriching words on this occasion.

The theme ‘Ray of Hope’ was derived from the experience of the students during the pandemic period, how did they survive their hardship and more, and the magazine was indeed a source for the young minds to be heard. The editorial board put up a strenuous effort to invite poems, essays, pictures, and short stories from the students on the theme, select the best ones and edit them thereafter. Minor additions and alterations were made by the board, which indeed helped the magazine to attain excellence.

The primary focus of this year's magazine is to throw light on how the students overcame the demanding situation with flying colours during the Covid '19 upsurge. Sometimes it just takes a Teeny-Weeny Ray of Hope to experience the start of a change or a step down the path towards happiness. It was both a boon and bane.

As a whole, “**Le Taureau 2021-22**” gave an unflawed vision over all the events and happenings among the students' life and as well as across the world throughout this pandemic.

Hope, like the gleaming taper's light,

Adorns and cheers our way and still,

As dark grows the night emits the greater ray!

As said by Confucius, 'The world will come to an end, as I say goodbye to my Dear Lovely friend. But I know I'll pull through this pain because we know we'll surely meet again'. Still, this end will now be the beginning of a new and bright future with beautiful memories in their hearts forever with the hope of reunion in the future.
