No. students involved in the study:32

3. Industrial Visit Report Centre for Development of Advanced Computing (C-Dac)

As a part of our Industrial Visit, we visited the Centre for Development of Advanced Computing (C-DAC) in Electronics city phase 1, Bengaluru on 29th August 2019. The C-DAC is the main research and development group for the Department of Information Technology (DIT) and the Ministry of Communications and Information Technology (MCIT) in India. The session started off with detailing about what cyber security is and its role in keeping data secure. The session proceeded with steps on the best way to keep information secure to keep it from further hacking. It was a very interactive session where the students got a detailed idea on cyber security.
